*new Mishek executive line helps
you work modern . . . for less!*

Make modern, low-cost Mishek office chairs a working part of your office decor. Convey a progressive company image by providing well-designed, comfortable seating not only for the people who work for your company, but for visitors as well. High quality enamel finish 16 gauge square tubular frames assure smart clean styling and lasting durability (12 year guarantee on all chair frames). All chairs feature glove-tight tailored Naugahyde upholstery and over comfort-engineered polyurethane foam seat and back. The adjustable executive swivel and

secretarial posture chairs are equipped with a one-piece extra heavy gauge polished chrome finish base, and 2" soft rubber, hooded ball bearing casters. Non-marring cushioned glides on the arm and side chairs. Both the executive swivel and the arm chair have elegant oil finished, solid walnut arms. Seven colors to choose from: gold, vermillion, pumpkin, gray, mist green, charcoal or desert tan. Shipped set up, F.O.B. Ala.

*it's hard to believe that these
chairs sell for only 79.50 each*

Hard to believe . . . but true! The Mishek Host Chair, Model 105HA, and the Mishek Judges Chair, Model 105SA, are quality, "built-to-take-it" management chairs with "living room" comfort and styling . . . yet are priced well below comparable models. Their carefully proportioned styling and rich elastic Plyhide® upholstery provide the ultimate in good taste. Both the Mishek Host Chair and the Mishek Judges Chair are perfect for regular desk duties, informal conferences or relaxed decision making. Just look at these comfort features: both reversible cushion and back are filled with luxuriant foam rubber, both seat and back feature D'Arc spring construction with flex-a-lator, and the seat and tufted back

on the Judges Chair tilt simultaneously. The sculptured aluminum swivel base on the Judges Chair and the sculptured aluminum base on the Host Chair plus the combination aluminum and elastic Plyhide® arms on both models add to their sleek styling. Seat size 22" wide, 18½" deep. Back extends 24" above seat, with a 26" chair width overall. (Ship. wt: 65 lbs. each) . . . Don't delay . . . take advantage of this Seven color choices: Persimmon Red, Chestnut Brown, Palm Green, Aqua Tan, Antique Gold, Turquoise Blue, Black. Shipped K.D., F.O.B. Ala: unbelievable price on either of these elegant chairs.

A Beautifully Designed Model of Efficiency

auto-folder

model seventeen MARK II

**see why you fold better with
MARTIN YALE:**

Capacity 14" x 24"

costs only **\$450⁰⁰**

Does More • Costs Less

Everything big but the price! Ideal companion folding machine for 11 x 17 presses, and duplicating equipment. So easy to set, so fully automatic in operation, anyone can quickly turn out perfect folding jobs . . . even on stapled sets. Fully visible adjustments and automatic feed controls make the *auto-folder* fast, efficient, economical wherever brochures, price lists, couponed sheets, envelope stuffers or other mailing material must be folded, perforated, scored and/or slit. Rich two-tone Sahara Sand finish on streamlined design. Compact and portable, it pays for itself over and over.

Produces all popular folds on letters, invoices, circulars, catalogs and lists, and many other widely used sheets for office, factory, warehouse, store.

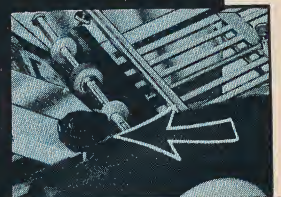

SPECIFICATIONS

Variable Speed Control adjustable to handle wide range of stock from 10 lb. onionskin to 120 lb. index at speeds up to 11,000 per hour (8 1/2" x 11" sheets)

Removable Fold Plates for easy interchange on jobs and fast clearing of rare jams

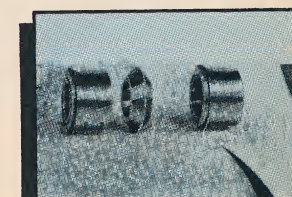

Micro adjustments for precise angular fold control

Easily Removable Feed Roller can be quickly changed without removing machine covers

Simplified Fold Chart allows fast-setting for all standard folds

Accessory Bar with Perforating, Scoring and Slitting attachments.

Kick It
Where You Want It

Step Up,
Base Grabs Floor

Step Down

It's a
KIK-Seat, too

*Rolls when you kik...
stops when you step*

Now... you can reach new heights with Kik-Step (KS-1), revolutionary new safety step stool for the safest, easiest climbing in office, store, warehouse... anywhere! Kick it... it rolls wherever you want it; climb, even with arms loaded with files or stock. The instant weight is applied, spring loaded casters under base automatically retract, base grabs floor. Can't wobble; can't slip; can't roll as long as you stand on it. Step back down; toe finds the platform without looking. Kick it away as soon as you step off. Platforms have rubber safety tread. All-around bumper protects walls and equipment. No more bending to file in those low drawers either... oh, by the way the Kik-Step is a Kik-Seat, too. 14" tall is just right for those low jobs! 6 colors to choose from: Coppertan, Desert Sage, Mist Green, Silvertone Gray, Gray, Black. Shipped set up, F.O.B. (Ship. wt. 13 lbs.)

 on casters to
 roll where
 wanted.

**HERE'S WHY EVERY FIRM
 NEEDS THE MARTIN YALE
 ELECTRIC SHREDDER . . .**

As competition in business intensifies, secrecy in sales strategy, engineering techniques, and product research becomes increasingly important. Inadequate methods for disposing of inactive confidential documents have often been the reason for confidential information falling into the wrong hands.

Martin Yale's Electric Shredder solves this problem completely by shredding papers into strips so narrow, they are absolutely unreadable, impossible to piece together. There can be no leakage of confidential information. It does the job so efficiently, and economically it makes other common methods of disposal totally impractical.

**AND DON'T OVERLOOK THIS
 EXTRA BONUS BENEFIT . . .**

Paper shreds make high grade packing material for money saving use in shipping departments.

**DESK TOP MODEL

You'll Like

Twil-Tone Colored Mimeo Paper

Save on this Paper that you can run on 'both sides'.

Because it is

- * OPAQUE . . . prints both sides, does not show through
- * COLORFUL . . . six attractive colors and white!
- * DECORATIVE . . . the subtlety of the "Twil-Tone" design does not detract from the message
- * INEXPENSIVE . . . a "streamlined" paper at excursion rates
- * LINTLESS . . . does not clog stencil or machine
- * FAST FEEDING . . . saves time . . . doesn't "bottle neck" your production
- * DRIES INSTANTLY . . . no wait . . . no offset . . . no slip sheeting

PER-FEC FILM STENCILS

are Quality Throughout!

5 Reasons Why PER-FEC FILM STENCILS are your best buy!

1. **Beautiful, sharp copies** (nicer work—more legible).
2. **Protects your typewriter** (the film protects feed rollers and platens).
3. **Letters will not fill** (save cleaning your typewriter).
4. **Letters will not chop out** (nicer looking stencils . . . easier to read).
5. **Fully protects stencil** (saves stencil cost).

This special film covering on Mishek's Film Stencils is gaining in popularity because it gives greater economy and finer quality of work. It is the stencil that is in demand.

**FOR USE ON ALL STENCIL DUPLICATORS
USING LIQUID INK**

CONTACT - DRY

(Not The Same As A. B. Dick)

DUPLICATING INKS

Yet NEVER Dries On The Ink Pad!

IT'S NEW

CONTACT DRY Inks will revolutionize stencil duplicating! Run your finger over the copy as it comes from the machine — absolutely dry! No slip sheeting, no blurring, no soaking through! And yet, the ink can NEVER DRY on the ink pad! You've never seen anything like it! Copies as dark, sharp and clear as you get from offset printing . . . and that holds true whether you make 15 copies or 15,000 because Contact Dry Super Emulsion Inks cannot damage your stencils.

Remember these facts . . .

1. Dries on contact with paper
2. Never hardens on the ink pad
3. Sharp dark copies
4. More copies per pound of ink

*Suitable to use in all liquid type duplicators such as A. B. Dick, Speedoprint, Marr, Printomatic, etc.

Shpg. wt. per lb. 20 ozs.

Orders are pouring in... for this new, fast-drying "DRI-RITE" INK

(FOR CLOSED AND OPEN DRUM MACHINES)

HERE'S AN ENTIRELY NEW CONCEPT in duplicating ink that dries so fast, sets so hard, it works like a charm on both bond and offset paper. No slip-sheeting necessary—something never before accomplished. It took five years to perfect.

Because of its unique quick-drying qualities, DRI-RITE is a great time and money saver. It produces more copies per pound of ink, per stencil and per hour of operation. No paper is wasted in preparation—even the first copies through a new run are usable.

The copies produced with Mishek DRI-RITE have all the quality of fine printing—legible, sharp, permanent. No washing of stencil needed—stencil is self-cleaning when used with this ink by simply placing it between papers or in a file folder.

With DRI-RITE, the duplicator can be stopped in the middle of a run—then hours later, the run resumed without delay because DRI-RITE is ready to go.

Shpg. Wt. per 20 ozs.	1 to 4 lbs.	\$1.95 lb.
	5 to 9 lbs.	1.85 lb.
	10 to 19 lbs.	1.75 lb.

Shpg. Wt. all above items 2 ozs. each.

Easy-to-Use Aids

In every art, fine instruments are necessary for fine work . . . always use the correct stylus and get improved stencil quality! Use fine points for fine lines, wider points for heavier lines; exert steady, even pressure on the stylus at all times to properly press aside stencil coating. Increasing or decreasing down-pressure will not change line thickness. All HEYER styli have attractive colored plastic handles and are individually boxed.

A FINE STYLUS for every need

MISHEK TOP PRINTED MASTER UNITS

HEYER
PORTABLE
ADDRESSER

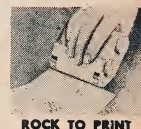

\$10.95
Complete with supplies

WRITE OR TYPE ADDRESS

ONE STROKE
MOISTENS SURFACE

ROCK TO PRINT

ADDRESS ANYTHING AVAILABLE

Tags, labels, envelopes of any size—with a swift, one-hand motion. Does one hour's work in 12 minutes at amazingly low cost of 6c per 1,000 names! No inks, plates, ribbons!

The HEYER Portable Addresser loads like a camera, needs no experience to operate—and it's completely foolproof. Simplicity and versatility make it just as essential for churches, clubs, schools, stores, insurance agents and shippers as a pen or a typewriter.

"... If you need any letters of recommendation for this Addresser, I would be happy to supply them for ours does a wonderful job rapidly and at little cost. This beats a costlier machine in many ways."

Rev. P. M. E., Penna.

The Spirit Master Roll loads as simply as a roll of camera film and holds up to 250 addresses, each of which produces 100 or more clear impressions, regardless of long intervals between mailings. There is no limit to the size of mailing lists because any number of rolls may be used. Change instantly from one address to the next by one twist of a knurled knob (The easy-to-fill wick cartridge holds sufficient fluid for an entire run. Locks in operating position—snaps out easily for refilling). Fluid is applied and address printed with one swift continuous motion of the hand. Designed to assure accurate registration every time. Unlike stationary addressers, there is no size limit to the piece being printed.

- NEW Handy Storage Compartment.
- Fits any automobile, station wagon or truck.
- Easy No-Tool Adjustment.
- Adjusts to the driver's own personal requirements.
- Folds up out of the way when not in use, does not interfere with entering or leaving car, truck or station wagon.
- Works equally well in front or back seat.
- Extremely well constructed.
- Top becomes a convenient portable clipboard.
- Proven work size.
- Guaranteed to satisfy.

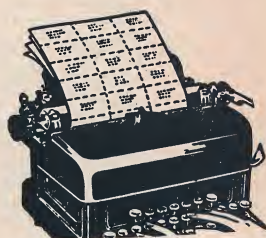

Scientific engineering, testing and design have gone into the New Mishek Car Desk. There has long been a need for this type of accessory and the Mishek Car Desk is the Answer.

Just fold it up, no adjustments to make, takes practically no room and it is ready for instant use. Only the Mishek Car Desk is so fool-proof, so positive.

DOES SHERIFF BAILEY LIKE THE CAR DESK?

Here is his unsolicited answer. "You bet I like the Mishek Car Desk. It makes it so convenient for my deputies and myself to make out accident reports, tickets etc., I personally like the portability, the ease of installing, actually takes no time at all. I feel proud to recommend this Waseca made product to anyone who has occasion to ever do any writing in a car. Many truckers I have talked to have expressed interest as well as the many other law enforcement officers I come in contact with. We have been happy to refer them to you. Respectfully," Stan Bailey, Sheriff, Waseca County, State of Minnesota. The Mishek Car Desk is truly a boon to all who have occasion to work out of a car, truck or station wagon.

NEW 2-3-4-5 and 6 PART PERFORATED SHEET CARBON SETS

(Gummed Addressing Labels)

For Speed and Economy

Comes ready to use

With merely typing on our carbon sets any typist can speedily make the actual addresses which are ready to go on the mailing piece. The top safety stub holds copies in perfect register during typing.

Clean to handle

Our carbon sets use fresh new carbons every time. Typists prefer to work with our labels because the special carbon "snap-out" feature makes it unnecessary ever to touch the carbon papers. Their fingers stay clean and so does your mailing list.

Speed and flexibility

They are perfect for addressing a series of mailing pieces, periodicals, packages. Or affix them to 3 x 5 cards or file folders for record keeping. Your present typist types our carbon sets just like a letter . . . She'll do an average of 200 to 250 addresses an hour . . . making 2 to 6 copies at the same time.

1=6

Saves time and money

A single typing gives you from 2 to 6 perfect addresses, and the labels cost as little as 1/20c each. That's real economy.

Simple, easy to use

All you need is an ordinary typewriter — no costly equipment, or skilled, high-priced operators needed. No special cabinets, either. In fact, one million labels can be stored in an ordinary filing cabinet.

Consists of sheets of white gummed stock interleaved with sheets of high quality one time carbon. Sheet size 8½" x 11½". 33 labels per sheet.

NEW SAME DAY SERVICE ON GESTEFAX STENCILS

JUST LIKE PRINTING — USE PHOTOGRAPHS (white backgrounds) ARTWORK — CLIPPINGS

SIMPLE TO PREPARE ! ! !

YOUR LAYOUT REPRODUCED EXACTLY AS YOU PREPARE IT.

- Available for all popular mimeo machines. (Specify machine.)

1 — 2 STEPS AND WE'LL DO THE REST ! !

1. Take a sheet of white 20 or 24 lb. paper. Lightly mark off actual area your mimeo machine will reproduce. For example — if you have an A. B. Dick machine allow at least 3/4" all around.
2. Place your copy in exact location and glue down (rubber cement is best) smoothly with no wrinkles. Erase guide lines.
3. Sharp black copy reproduces best. On photos have high contrast (black on white) for best results.

PASTE-UP LAYOUTS, too!

\$2.00 PER STENCIL

Anything printed, typed, or drawn, or combined as a 'paste-up layout', can be swiftly translated into a stencil which will immediately reproduce amazingly faithful copies on your own duplicator.

Plus 25c for handling and postage

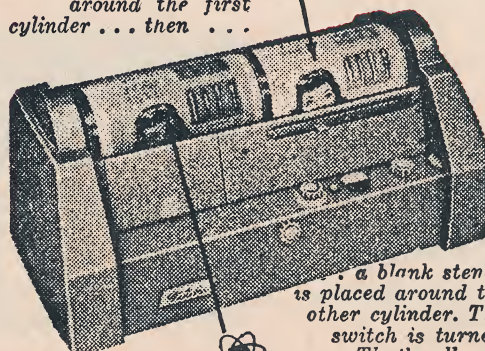

3 or more 5% off Check With Order

Remember, if you have an A. B. Dick or machine of this type to leave a 3/4 inch margin on each side — (the same as you would if you were typing a stencil.)

Gestefax makes mimeo stencils from original copy by

... in 2 simple steps

Your clippings, illustrations, printed matter, forms, or other copy are placed around the first cylinder ... then ...

a blank stencil is placed around the other cylinder. The switch is turned. That's all ... Gestefax does the rest.

'THE STAND WITH 1,000 USES'

THE MISHEK LECTERN STAND

The Mishek lectern brings a satisfactory new solution to an old problem—where to get a strong, sturdy teachers stand at a price so low that every teacher can have one. This ingeniously constructed new stand is made of solid steel and assembled with bolts. With its tubular steel tripod legs and flanged steel top it will always remain strong and steady.

Although light in weight and easily moved it will adequately support several large, heavy books or papers on the 11" x 18" steel top.

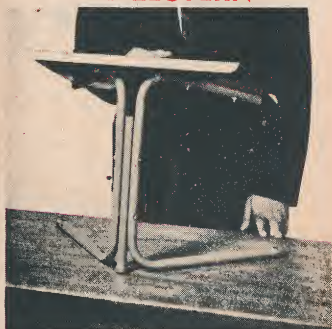

Incorporating every desirable feature needed in a serviceable lectern. The Mishek lectern is still priced at only **\$7.95** each.

A life-time of service at a substantial saving. Shpg. wt. each, 8 lbs.

~~\$14.95~~ Price **\$8.95** Two or More **\$8.45** Ea.

Now, every Speaker, Teacher, Sunday School, Bible Class, Organization, Instruction Group or any type of assembly needs this attractive

TABLE LECTERN

We have taken our popular lectern and redesigned it for table use. This is truly the Economy King in the table lectern field. Top measures a big 11" x 18". Stand measures 13" from base to lower edge of top. Extremely well constructed. Shpg. wt 6 lbs.

- Automatic Electrically Powered Conveyor Stack-er — a feature available in no other machine anywhere near the price.
- Compact — Requires little desk or table space — truly a powerful package of folding speed and economy.
- Lowest Cost — reduces folding costs to pennies per thousand because it's so convenient, handy, trouble free!
- Up to 5 stapled sheets of 20 lb. paper automatically fed into machine and easily folded.
- All steel precision construction.
- Ball and self-lubricating bearings throughout.
- Folds most anything — easily, quietly, neatly — makes the seven most popular folds — letters, invoices, circulars, catalog sheets, instructions, and many others.
- Takes Wide Range of Sizes — All the way from 9½" x 15½" to 2½" x 4". Easy-as-pie folding — with the real professional touch; accurate, neat, uniform.
- Speed — Maximum up to 15,000 pieces per hour, depending on size of piece.

GOLD OR BLUE ARE BEAUTIFUL COLORS

BE SURE TO TELL COLOR WANTED WHEN ORDERING.

• Extra deep, (5½ inch) contour shaped backrest for correct posture form fitting support. Full-curl on bottom eliminates sharp edge—adds to strength.

• Strong, rigid tubular steel frame assures year after year service.

• Safety action folding hinges prevent finger pinching.

• Extra large, one-piece die-formed steel seat 12-3/16" wide by 11¾" deep — 12½" from floor. Fully rolled bottom edge for added strength and safety.

• Strong, durable ½" tubular steel leg cross-braces with "wrap-around" secured and riveted ends, increase frame strength and rigidity.

Sit comfortably — stand on front or back of seat — or lean heavily. These chairs won't wobble or collapse.

10 YEAR GUARANTEE

JUNIOR and JUVENILE CHAIR SPECIFICATIONS

250 Series Junior seats are 15" from floor and chairs stand 28¾" high when open — 35¾" when folded. 230 Series Juvenile seats are 12½" from floor and chairs stand 22¼" high when open — 29¼" when folded. This diagram shows general size comparison with standard adult size chairs.

Newest addition to the Mishek line is the folding tablet arm chair which is ideal for use in classrooms, lecture halls, sales and conference meeting rooms and wherever a sturdy arm chair for writing and note taking is required. The chair is Mishek's, strong and sturdy, of the inverted "Y" tubular steel folding type.

The tablet arm top is rigidly secured and mounted on a tubular steel support which automatically raises or lowers the arm when the chair is opened or closed. Both chair and tablet arm fold by lifting front edge of the seat or by placing one foot on rear cross brace and pulling upward on the backrest.

The entire unit is unusually sound and stable. Tablet arm is 5/8" thick plywood and 7-ply hot-press urea resin bonded construction of either birch or maple, finished with the highest quality sealer and lacquer for protection and long-life durability. Folding mechanism is safety designed to eliminate any pinching hazard, and chair construction is such that the seat will not tip when a person stands or sits upon the front edge or the very rear of the seat.

App. Shpg. Wt. 49 lbs.

OUTSTANDING FEATURES on this "can't tip" chair. — ● Safety Tested Extra steel brace between rear legs — two (2) braces instead of one. ● 10 year guarantee ● No snag, pinch or squeak.

SEAT STRUCTURE

- 1 Same features as on our No. 10 chair on back cover.
- 2 Solid 3/16" carbon steel front leg pivot rod secured through tubular legs also serves as frame and seat support.
- 3 New form-fitted comfortable metal seat with exclusive padding and upholstery.
- 4 Back of seat rests on one-piece 16-gauge formed steel brace — securely welded to seat frame — pivot hinged to rear legs.

"Built-up" vertical frame strengtheners and seat spacers on front legs for a distance of 6" provides stronger, more rigid bearing points to secure the seat pivot point. They insure overall chair strength, safeguard from frame spreading and collapsing—greatly increase over-all chair rigidity and sturdiness.

Leg braces of heavy gauge cold-rolled, electrically welded steel tubing increase frame strength and rigidity. A 5/16" solid carbon steel seat pivot rod gives additional frame strength — also acts as seat support.

Matching Padded Back Add \$1.00

MISHEK'S **SADDLERY** CATALOG

While we have sold saddles and saddlery items for a number of years locally we haven't felt until this time that we had a complete enough line to offer our good customers throughout the country. Now we have been able to assemble enough High Quality Merchandise to

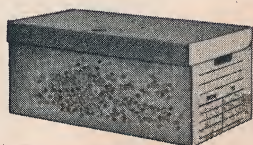

issue our own SADDLERY CATALOG. A very complete catalog of fine saddles, bridles, bits, spurs, blankets, pads, general equipment (even horse shoes) halters, crops and assorted accessories. If you have a horse or pony our catalog will save you time and money. Best of all it's FREE. Just a line to — SADDLERY DIV., Mishek's, R.R. 4, Waseca, Minn. 56093.

FLIP TOP

The low-cost answer to standardizing your storage and filing problems

As in all products, the Flip Top is test-proven the best value with double walls and bottom made from 200 pound test, white marbled corrugated. Designed to store flat and assemble quickly without tape, staples, or special tools, the Flip Top comes in a variety of sizes to fill every record storage need. Sold only direct from the factory . . . through the mail to you . . . the Flip Top is absolutely the lowest cost storage file on the market. Of course, you can depend on quality.

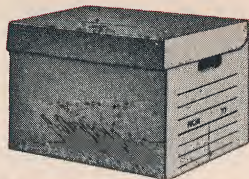

All dimensions are inside dimensions, minimum order 12 of one size.

PULL DRAWER

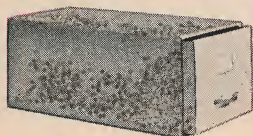

Lowest Cost Transfer Files

"Built In," steel-rim construction provides stacking right to the ceiling. Tests prove that each file will support 1100 pounds and remain functional.

You can pay more, but you can't buy better. Pull Drawers have features normally found only in far more expensive file units. Built-in steel rim construction provides stacking, right to the ceiling. Test proven, each file will support 1100 pounds and remain functional. The Pull Drawer is shipped flat and can be stored flat until needed. In seconds, without tape, staples, or special tools you can set up a transfer file designed to give you years of service. Constructed of 200 pound test corrugated, white marble finish, the Pull Drawer is the business-like money saving answer to your transfer and storage file problem.

FLAT FILE

*made of steel-reinforced corrugated fiberboard...
guaranteed to give you years of service*

Flat File can be used anywhere there is large sheet flat material to be filed. For just a few cents a sheet you can now protect all your valuable prints, drawings, charts, layouts, negatives, etc. Maximum utility and versatility, positive storage indexing and protection, with "built to take it" construction, at two-thirds the cost of steel make Flat File the best buy on the market. Heavy-duty corrugated drawer dividers are also available at low costs for all size Flat Files. With them you can design any size filing divisions you need for efficient storage.

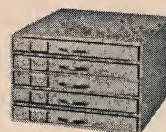

- A. Hidden strength, steel reinforced drawers.
B. Durable 200# test corrugated double wall construction. C. Moisture resistant poly coating.
D. Steel support bars assure modular stack strength.
E. Attractive white linen finish.

BRAND NEW

Dial-A-Card

NOW! 500 business cards or reference cards at your finger tips — for instant use.

Card Selector

Card Aligner

"T-n-Slot" Punch

NOW! No more shuffling and fumbling with stacks of cards and rubber bands.

NOTCH 'EM!
FILE 'EM!
DIAL 'EM!

Want to phone someone? Write someone? Locate someone? All you do is dial 'em with ingenious DIAL-A-CARD! Simply spin the dial. The unique rotary card selector flips to your card instantly. Quick as a flash!

You don't have to transcribe information from calling cards to another card or address book. Simply notch the card itself with the handy built-in punch on Dial-A-Card. Then slip all your cards into place alphabetically. They're held securely on the spindle, yet can be removed easily. Handles all card sizes. Saves time! Saves transcribing! Pre-punched blank cards also supplied at no extra charge for dozens of uses: credit file, purchasing, membership lists, inventory, charge account file, parts lists.

Complete outfit includes set of A to Z tabs, 50 pre-punched blank cards, and Dial-A-Card with built-in punch. Precision-made of metal and unbreakable plastic. Finished in neutral two-tone beige for the most modern office.

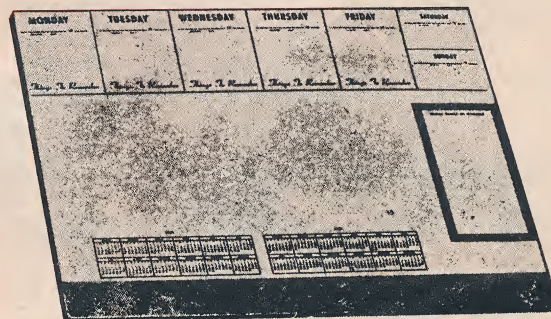

Order this indispensable time-saver today! Keep it right by your telephone. Whenever you're ready to dial a phone number, just DIAL-A-CARD! You must be delighted with DIAL-A-CARD or your money back.

Extra pre-punched blank cards, 55c per 100 (1,000 to box)

\$13⁹⁵

MISHEK DESK AND DOODLE PAD

At last. . . A desk pad designed for daily use every week of the year! Spaces provided for "Things to Remember" each day. Can also be used for daily assignments. Full year's calendar on each sheet. . . encircle important dates in advance. Plenty of space for jotting down information and the like. Plus plenty of room for doodling like we all seem to like to do. The pad is large (21½ x 17 inches) overall. Made of high quality paper and attractively bound in brown leatherette for long good looking wear. Eliminates the usual blotter type that soon becomes "shop-worn". Order one for every teacher for you really save in Quantity Buying.

WHAT DO LIGHT BULBS COST YOU A YEAR?

LOOK AT THE COMPARISON BELOW WHICH DOES NOT COVER THE LABOR, THE INCONVENIENCE OF REPLACEMENT. SAVE TIME — WHICH IS MONEY — GET BETTER LIGHT ALL AT A CASH SAVINGS — EVERY BULB IS GUARANTEED — NOT FOR A YEAR BUT FIVE LONG YEARS!!! MOST POPULAR SIZE BULBS ONLY 79c EACH

HERE'S WHY YOU SAVE AT LEAST \$2.00 ON EVERY SUNMASTER* BULB

ORDINARY BULBS

\$3.25

9750 hours harsh glaring light **Not Guaranteed**

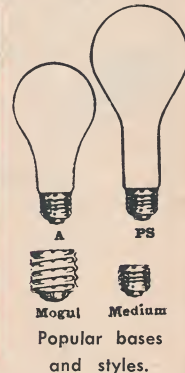

SUNMASTER 5-YEAR BULB

79¢

10,000 hours soft-flattering glare-free light

GUARANTEED

All Light Bulbs Look Alike — What Makes Sunmaster 5-Year Bulbs So Different?

IDEAL FOR CHURCHES, SCHOOLS, HOMES

The Sunmaster principle is no secret. In fact, the "Big Three" even make a limited number of semi-long-life bulbs to sell to their own select customers in big industry — But they won't sell them to you, the consumer, because they would lose about 95% of their bulb replacement profits if they did!

You don't believe it? Ask your hardware dealer to show you his catalogue which rates the life expectancy of every bulb he sells. You will see the average bulb is rated for only 750 hours . . . but not guaranteed for even 5 hours! If it burns out before 750 hours — as it often does — it's your tough luck.

The life of a bulb is determined by four factors: 1. The size of the filament. 2. The quality of the components. 3. The strength of the construction. 4. The quality of construction. Sunmaster bulbs last longer than ordinary bulbs simply because the filament is specially designed to withstand shock and breakage **FAR IN EXCESS OF ORDINARY BULBS** . . . and because every component part — unlike ordinary bulbs — is scientifically matched to give maximum life. The result: Sunmaster bulbs may be used as standard light in your living room or as a heavy duty bulb for out-of-door or industrial use.

How Good Is The Light?

Sunmaster light is superior because it's easier on the eyes. A special Silicote* "Multi-Million Prism" inner surface does away with the harsh irritating "hot spot" of ordinary bulbs . . . provides a far safer — far softer light for your

Even Big Users Are Switching To Long Life Bulbs

Scores of industrial plants, offices and institutions are making the switch to this more economical way of lighting. For example, United Nations Building in New York, Grumman Aircraft, Statler-Hilton Hotels, Trans-Caribbean Airways, Gen. MacArthur Airport, Westover Air Force Base, Grumman Boat Works, and many others are regular, enthusiastic users.

On Paper For Thermo-Fax Machines

FOR USE ON THERMO-FAX® MACHINES

Here Is What You Have Been Waiting For—

• **Top-Notch Copying Quality** — You get clearer, sharper contrasts with Mishek Thermal Copy Paper. It is run thru the machine at about the same speeds as regular Thermo-Fax® Paper.

• **Durable Copies** — Long lasting — are not affected by ordinary heat.

• **Tear-Resistant** — Do not become brittle with age or ordinary handling and filing.

• **Non-Marring** — Mishek Thermal Copy Paper does not mar like most other papers.

• **No Accessories** — Type X Paper requires no filters, jackets, or screens. You simply place the Thermal Copy Paper on top of the sheet you want copied.

• **Economical** — Mishek Thermal Copy Paper is economical to buy. In large quantities, it is priced as low as \$1.95 per hundred sheets, and even in the smaller quantities, is lower than most other copy papers.

Each Box Contains 500 Sheets Of A Single Copy

PLEASE READ THIS IMPORTANT ORDERING INFORMATION

OUR GUARANTEE

You may return anything ordered from this catalog within 10 days after receipt of merchandise for full refund if not completely satisfied (see instructions for returning merchandise). We have been in business over 20 years and your satisfaction is guaranteed. Also many items have much longer guarantees.

FREIGHT AND PARCEL POST

All merchandise is shipped F.O.B. our warehouse or factories unless otherwise specified. The F.O.B. point is the point from which customer pays shipping charges. If you have a specific carrier or a specific way you wish us to ship your order, please fill in the needed information on the handy order blank

EQUIPMENT AND FURNITURE

Equipment and furniture items are almost always shipped direct from factories to save cost of double handling and ship-

ping. Allow reasonable time for delivery. Our unusually large wholesale discounts reflect the savings made from these direct shipments.

OFFICE SUPPLIES

Most items are shipped direct from our Waseca warehouse, usually within 8 hours of receipt of order.

RETURNED GOODS

Before returning any merchandise, please write and we will furnish labels so that merchandise may be returned to the correct address.

TERMS

Our terms are Net 30 days. Because of our large wholesale discounts, we cannot afford to sell on time.

PRICES

Prices are subject to change. If they are reduced, you will be given the benefit of the reduction. If increased, you will be notified before shipment is made.

UNDA-WUNDA[®] TYPEWRITER PAD

1 Anchors typewriter firmly

Millions of microscopic suction cups in the surface make the typewriter immovable. This eliminates slippage, the greatest source of annoyance to typists.

2 Reduces noise

Acts as an acoustical base . . . absorbs noise.

3 Lessens fatigue

The superior cushioning of UNDA WUNDA limits vibration to a minimum . . . cuts down errors, increases speed and lessens fatigue.

4 Increases speed and accuracy

A pleasure to use. Type with the assurance that your typewriter will embed itself into your UNDA WUNDA PAD and will not move until you move it. Relieves tenseness, giving accuracy and speed to your typing.

NEW SAFETY FEATURE

Can't Tip

Construction

STAND ON THE SEAT...
FRONT OR REAR
PREVENTS ACCIDENTS
TO CHILDREN

The new Series 10 Tubular steel folding chair combines time-proven construction features with thoroughly tested, advanced design developments to provide one of the largest and most comfortable seats in folding chairs ever offered.

Frame construction embodies electrically seam-welded tubing of heavy gauge, welded into one sturdy unit that will withstand many years of unusually hard usage. The large one-piece drawn and shaped seat and backrest are scientifically pitched and postured to assure maximum seating comfort for long seating intervals. In addition to its sturdiness, the series 10 is unusually safe in use—There are no sharp edges to pinch the occupant or tear clothing and the chair is so designed that it will not tip or collapse even if one were to stand on the very front or back edge of the seat.
